- Developed and maintained responsive and visually appealing websites using HTML5, CSS3, and JavaScript, ensuring cross-browser compatibility and optimal user experience.
- Worked closely with designers and back-end developers to integrate front-end components with back-end services, ensuring seamless functionality and user interface design across projects.
- Optimized website performance by implementing efficient coding practices and leveraging tools like Tailwind CSS to reduce load times and improve overall site performance.
- Customized and managed WordPress-based websites, integrating custom themes and plugins to meet specific client requirements.
- Began integrating React.js components into existing projects to enhance dynamic functionality, improve code maintainability, and streamline future updates

EDUCATION

- Bachelor in Computer Science

BabaSahab Ambedkar University, India - 2025
